Case Statement

In 2042 The Ohio Masonic Home will celebrate 150 years of innovative care for our nearest and dearest as they live their later years. Grounded in the strong tradition of Foresight, Dedication, and Generosity, The Ohio Masonic Communities continues this tradition by enhancing the lives of our family members, connecting loved ones to their passions and talents, inspiring new pathways of joy and empowering their continued contribution to society.

While providing new combinations of care, The Ohio Masonic Communities are at the pinnacle of pathways for spiritual, social, physical, medical, mental, and emotional services. We are committed to constantly innovating our services, offering family members respectful experiences of life. A fundamental principle of Freemasonry is that we all live in a brotherhood of man under the fatherhood of God. In accordance with this principle, The Ohio Masonic Communities strive to provide excellent service regardless of membership in the fraternity, acknowledging our obligation as Freemasons to care for our distressed brothers and their families.
